

## MEMPHIS UNDERGROUND

MUSIC & WORDS: E.J.M. BORGERS © BOGEY MUSIC 1991

Ain't no goods - where we come from  
ain't no sweets - where we come from  
we just try to get ourself a funky streak of good times  
getting down in the Memphis Underground

Memphis Underground, underground  
getting down in the Memphis Underground

Ain't no future - where we come from  
ain't no past - where we come from  
( ad lib spoken or rapped )  
we just try to lay a familiar groove on the corner of the street  
getting high on soulfood & inferior wine  
6 packs of beer, funky smelling cigarets  
anything we can lay our hands on 's just fine  
later on in the afternoon when the sun won't shine  
and the rain comes down  
we try to lay that same old groove in the Memphis Underground
