

PLEASE TEARS (DON'T FALL)

MUSIC: E.J.M. BORGERS • WORDS: E.J.M. BORGERS / R. KING © BOGEY MUSIC 1989

Please, please tears, don't fall and stay inside my heart
Don't let me mess it up and call you on the phone
Ev'rything I say drifts us more and more apart
Ev'rything I'll do comes across in a wrong way to you
Tell me how can we stay the same, and I'm begging

Please, please tears, don't show how deep this feeling goes
You know, I can be a joker out in the crowd
Please, let me sing, dance, shout, please let me laugh out loud
You let me know I can never have you my way
Tell me how can we stay the same

And I try to convince myself it's only a matter of one full second
That's all I need, babe, to make you understand
You're the first thing I wanna see in the morning
You pass me by and you look me straight into the eye
Tell me how can we stay the same
Walk on and still stay the same
Please!
Tears don't fall (repeat)
